Little Trinity & Kindergarten News

WORK OF THE WEEK

MR TICKLE ROOM – Molly had lots of fun playing with the Primo blocks. She enjoyed building different sized towers and had even more fun knocking them down again afterwards.

MR CHATTERBOX – This week Eloise thoroughly enjoyed foot printing. She let Miss Crankshaw spread paint over her feet, laughing as she said it tickled! She then made prints on the paper to decorate her Christmas hat.

KINDERGARTEN CLASS – Rose worked very hard with handwriting this week and produced a lovely letter for Santa.

In the news.....

In the Mr Tickle craft room this week the children have enjoyed making Christmas Hats, calendars and crackers. They have also had lots of fun with the Primo blocks; building towers then knocking them over! The children have also enjoyed singing songs and completing the actions as they went along.

In the Mr Chatterbox room the children have enjoyed foot printing for their Christmas hats and making calendars for next year. The children have also enjoyed playing in the rice and water in the messy room and have used collage materials to decorate Christmas trees. The Mr Chatterbox children have had great fun rolling hoops outside and have continued to practice the songs for the production.

The Kindergarten children are also in full flow for Christmas and have worked hard with their handwriting this week by compiling a letter to Santa. They have been full of ideas for their 'wish lists'! They have also helped decorate the class Christmas tree and a very fine job they have done, it looks beautiful! The Kindergarten children have also enjoyed listening to the Nativity Story. The children have also completed a number activity outside using the cars. They have had to park their cars at the designated number parking space, helping them to recognise and name numbers 1 - 20. In PE and throughout the week the children have used their body in different ways to make sounds and music. They have also had fun playing the traffic light game, a firm favourite!

NOTICES
